

As a corporate social responsibility NSRT Pvt. Ltd. Organizes Pharma Idea Development Platform (PIDP) in association with Association of Pharmaceutical teachers of India (APTI).

Navin Saxena Research & Technology is a dedicated state of the art R&D facility founded in 2016. NSRT is located within the Kandla Special Economic Zone (KASEZ), which is the west region of the city of Gandhidham and accessible to all visitors.

NSRT's overall research focus is in the area of Pain, Addiction, Orphan Diseases and developing New Drug Delivery and Platform technologies.

Core strengths of formulation development at NSRT includes development of following types of formulations (both lab and kilo scale)

- Transdermal Patches
- Implants
- Oral Films
- Controlled release oral formulations
- Gels
- Nano-drug delivery systems

Along with Formulation development NSRT is also equipped with CADD, API synthesis facility both lab and kilo scale

The objective of this initiative are:

1. To identify potential research idea which could be scaled up and commercialized in form of various dosage forms.
2. To provide R&D and F&D exposure to young researchers by way of making available state of art facilities at NSRT Pvt. Ltd. KASEZ.
3. To generate IP benefits to researchers.
4. Bridge the gap between dying research ideas and market.
5. To provide researchers platform for making their idea commercially viable.
6. To generate employment opportunities.

Categories:

Formulations containing Synthetic drugs/ Herbal drugs/ Neutraceuticals in the form of:

1. Original research idea
2. Patent filed / published.
3. Basic lab research work (non-patented).

Dead line for
abstract submission:
26th February 2018

F & D IDEA HUNT

In Coordination
with APTI

APPLICATION FORM

1. Name:

2. Date of Birth:

3. Qualification

DEGREE	QUALIFICATION	YEAR OF PASSING	UNIVERSITY
Graduation			
Post-graduation			
Doctorate			
Any Other			

4. Work experience details

ORGANISATION	POSITION	FROM	TO

5. Brief outline about the research idea (200 WORDS)

6. Whether any laboratory research work done for execution of the proposed research idea

7. Uniqueness of the proposed research idea

8. Resources required to scale up the work

9. Benefit of the research work to humanity

10. Have you filed any IPR for the proposed work?

Sign and Date: _____

Undertaking

This to certify that the proposed research idea to NSRT F&D Idea Hunt is a genuine and original research work of Mr./Ms _____.

This research work is not copied and plagiarized and does not carry conflict of interest.
